

Accord Bangladesh Safety Committee Training Program

Aswad Composite Mills Ltd. has been successfully completed the Accord Bangladesh Safety Committee Training Curriculum between December, 2016 & June, 2017.

Safety Committee members of ACML.2 have received training in below aspects:

- 1. Fundamentals of the Safety Committee,**
- 2. Safety Committee Role in Accord Remediation,**
- 3. Safety Committee and Safety Complaints,**
- 4. Workplace Hazard Identification & Control,**
- 5. Communication Skills and Joint Problem Solving,**
- 6. Safety Monitoring Systems – Part One,**
- 7. Safety Monitoring Systems – Part Two.**

In total there are Seven (7) Training Sessions from Accord which was only for Safety Committee Members & rest of Two (2) Training Sessions has occurred for All Workers/Employees in this facility.

In 22nd June, 2017, Accord has been completed their 7th & last training program in Acml.2. Trainer Mr. Mir Maniruzzaman has interviewed Safety Committee Members about their training outcome & became happy to observed feedback.

At last there held a Closing Ceremony of safety committee training session & Aswad Composite Mills Ltd has achieved a Letter of Recognition as their contribution. Accord also distributed individual recognition letter to all of safety committee members of ACML.2.
